

Technology Production Project #4

This will be an individual project that will require you to complete the following for an **OGTV Music Video**.

1. The completed project will be a self-contained music video lasting **four minutes** in length.
2. This is due _____ at the **START OF CLASS!**
3. Complete a **DETAILED STORYBOARD LISTING YOUR CAMERA SHOTS AND WHAT AUDIO IS ADDED FOR EACH VIDEO SEGMENT. Due _____ at the start of class...also you will need to submit the selected music for approval.**
4. The project VIDEO will then consist of you doing a music video. Be creative.
5. Video insert images/footage correlating to the beat and or the message of the music.
6. Insert Graphics at end of music video. Graphics must include:
 - A. Name of performing artist(s)
 - B. Title of Song
 - C. Production team members/jobs.
 - D. Graphics should fade out simultaneously with music.
7. The project Video will need to have 4 camera shots from the following list:
 - A. Bust Shot
 - B. Close-up
 - C. Long Shot
 - D. Medium Shot
 - E. Leadroom
 - F. Headroom
 - G. Extreme close-up
 - H. Over-the-shoulder Shot
8. The project Video will need to have **at least one effect on one of the clips.**
9. You will need to bring in audio clip/file from an outside source.
10. We will need to export our I-movie to VHS tape.
11. You will need to use as many of the I-movie components as necessary. The more you use.... Does or does not always mean a good video. Use enough of the I-movie features that help create a professional looking video.
12. Remember you also have to work on your "Channel One" group project as well. So do not wait until the last minute to complete the assignment.
13. Project is worth approximately 100pts for professional appearance of the production, coordination, and quality of content.
